

# Additional Legacy Website Help

- [The basics - layout and navigation](#)
- [Adding and Editing pages](#)
- [Adding images to your slider](#)
- [Adding news and announcements to your frontpage](#)
- [Adding events to your calendar](#)
- Updating your school directory (coming soon, for now email to [support@slusd.us](mailto:support@slusd.us))
- Adding teacher websites - We are recommending teachers utilize the [new Google Sites](#) to create their classroom websites. It is very easy to create and edit as it feels much closer to Google Docs so it should be easy for teachers. There is a great little video tutorial on how to use this to create sites [available here](#) which will get them up and running. Please contact [support@slusd.us](mailto:support@slusd.us) for assistance creating these new sites and to send us the link to have added to your school directory.
