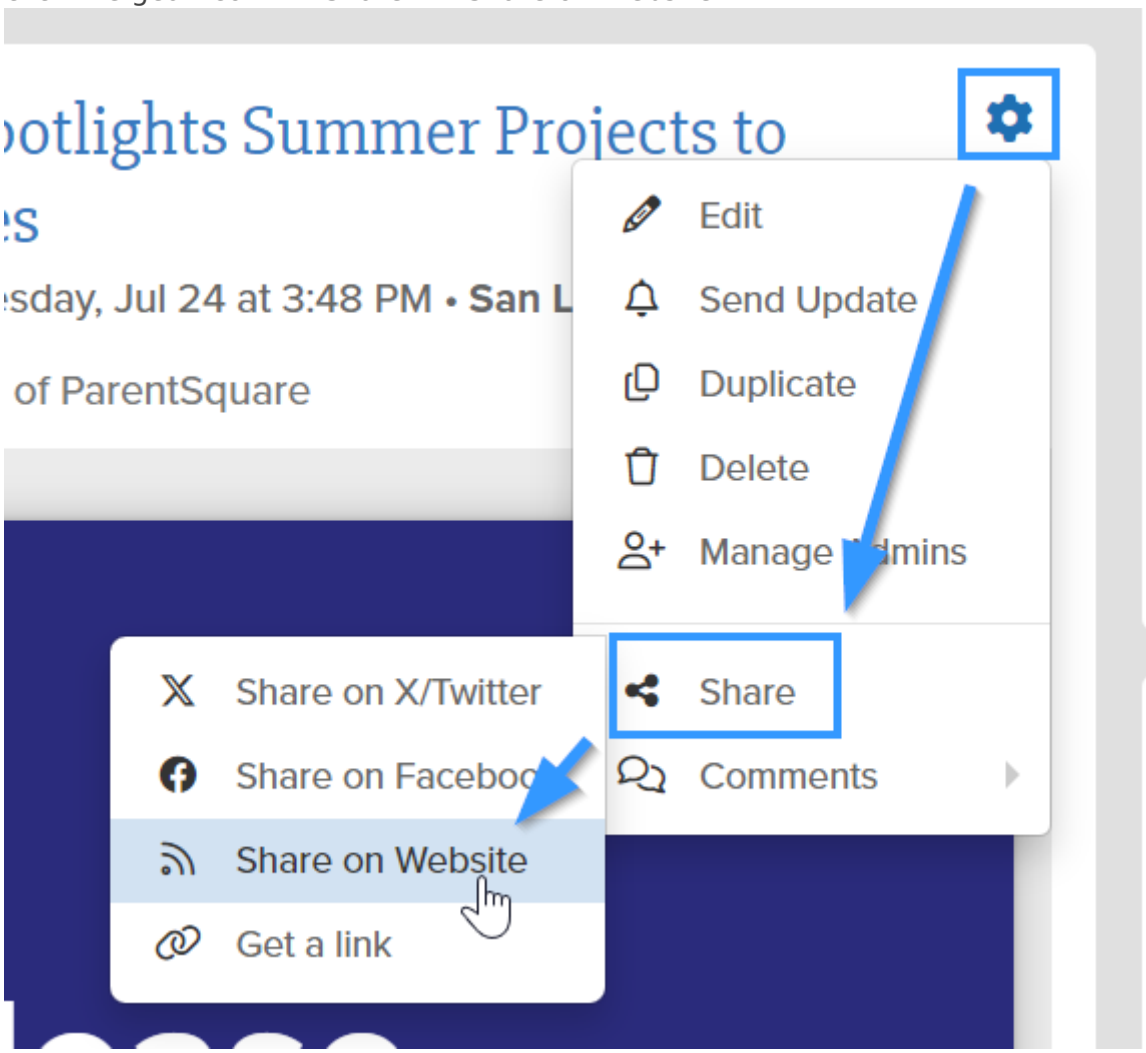
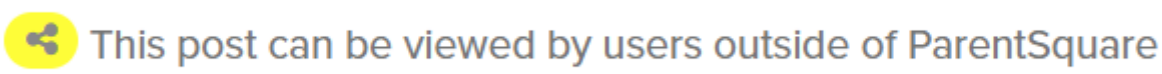
Parentsquare Post Integration

Any post made to Parentsquare can automatically be published as a post under "What's Happening"

1. In Parentsquare, navigate to the post you wish to make public on your website, click the gear icon --> Share --> Share on Website



2. You will then see the banner below on the post title in Parentsquare.



3. Within 30 minutes the parentsquare post will show up on your website under "What's Happening"
