The Admin Page

Some of the things you most need to use in the admin panel are as follows.

1. Clicking your school name at the top will take you back to your website and vice versa to go back to the admin panel from your school site.
2. Posts on the left side takes you to the area where news and other frontpage items get created.
3. Media is where you can manage your uploaded pictures and videos.
4. Pages is where you can see a list of all of the static pages on your website as well as create new ones.

We'll have more detail on how to use these to edit your site in later articles.

WordPress Dashboard for Jefferson Elementary. The dashboard includes sections for Elementor Overview, Quick Draft, and WordPress Events and News. The left sidebar shows navigation links for Home, My Sites, Posts, Media, Pages, Comments, Templates, Profile, Tools, and Collapse menu. Red circles with numbers 1, 2, 3, and 4 highlight specific elements: 1 points to the 'Jefferson Elementary' site name at the top; 2 points to the 'Posts' link in the sidebar; 3 points to the 'Media' link in the sidebar; 4 points to the 'Pages' link in the sidebar.
